2014	Mar	Established Thai Binh Factory	(Vietnam)
2014	Oct.	Factory Closure (Shanghai JOHOKU)	(China)
2018	Jan	Addition of Thai Binh (Product Area Total: 10,000m ²)	(Vietnam)
2018	Oct.	Factory Closure (Jiaxing JOHOKU)	(China)

4. JOHOKU Haiphong Vietnam Organization

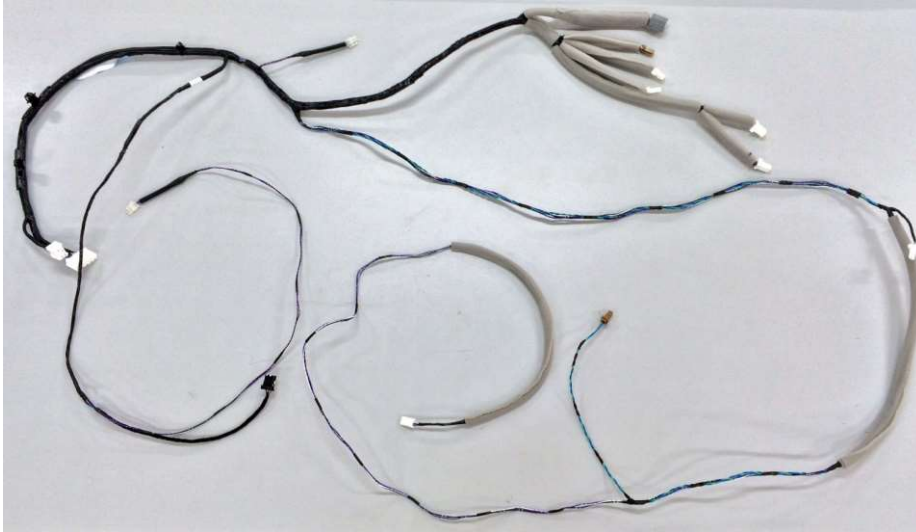

Organization Chart (組織図)

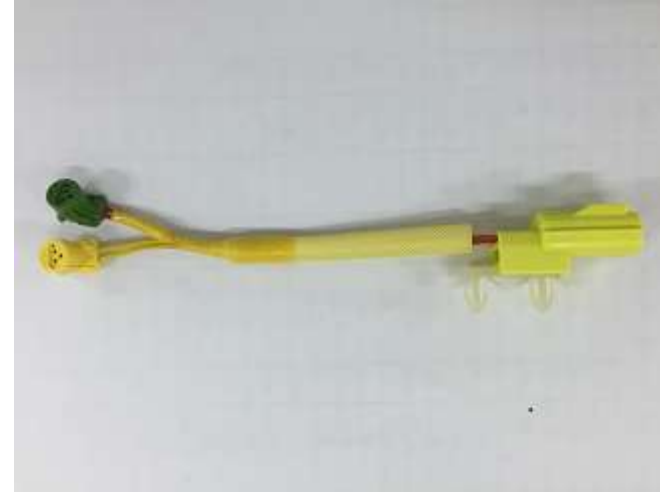

5. Products

Automotive (車載向け) for the Tir-1 maker

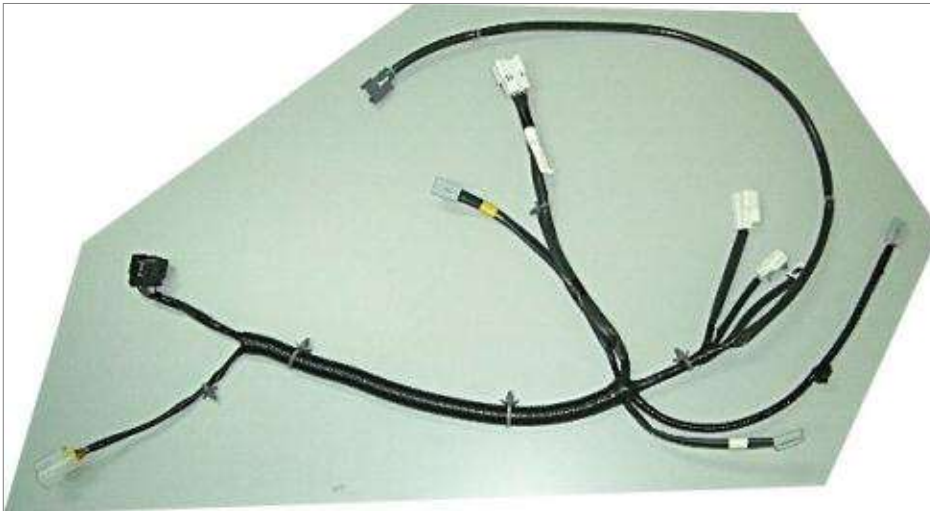

Roof Harness

Airbag Lead Wire

Seat Harness

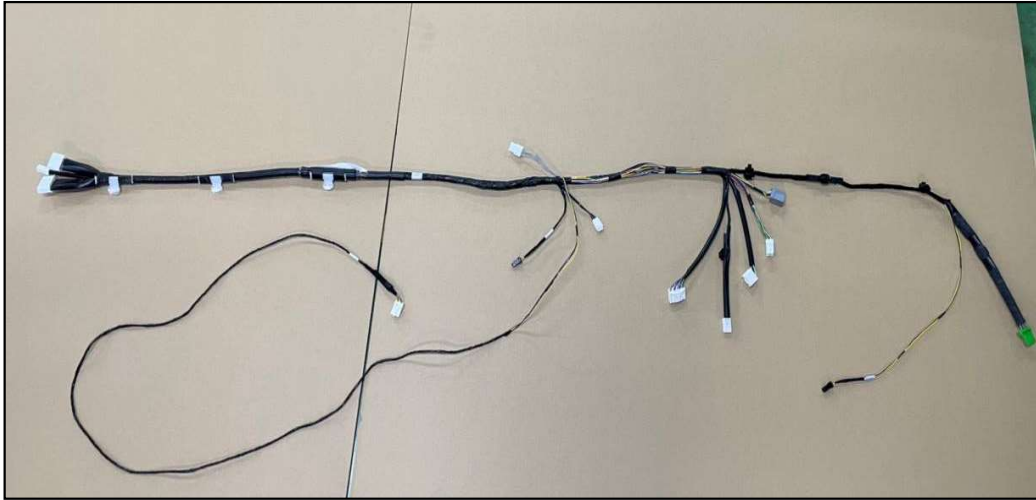

Harness seal part for torque sensor

5. Products

Automotive (車載向け) for the Car maker

Roof Harness

Door Harness

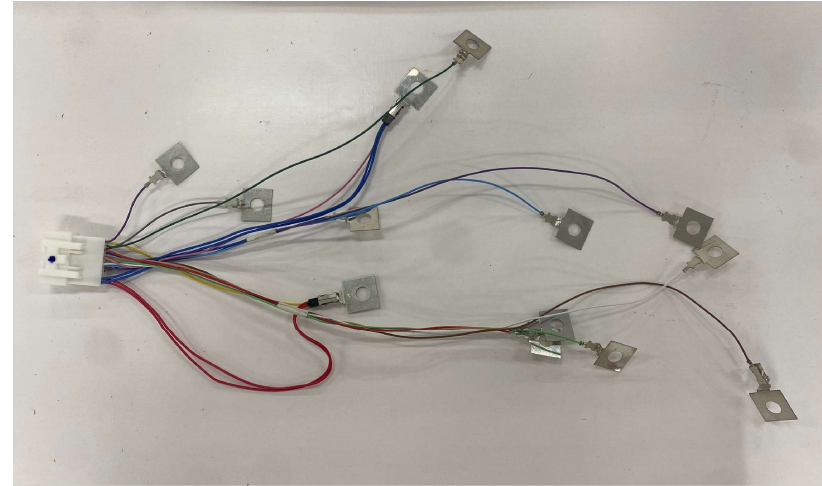

5. Products

Lead wire

Printer Lead Wire

Harness for thermistor sensor

Speaker Lead Wire

6. Production Line Mae Process 前工程

6. Production Line Ato Process 後工程(コネクタ挿入・部品供給)

6. Production Line Ato Process 後工程(外装品組付け)

6. Production Line Ato Process 後工程(導通検査・外観検査・梱包)

7. Available Equipment

Quality Assurance Equipment (品質保証設備)

Cross-Section Analysis

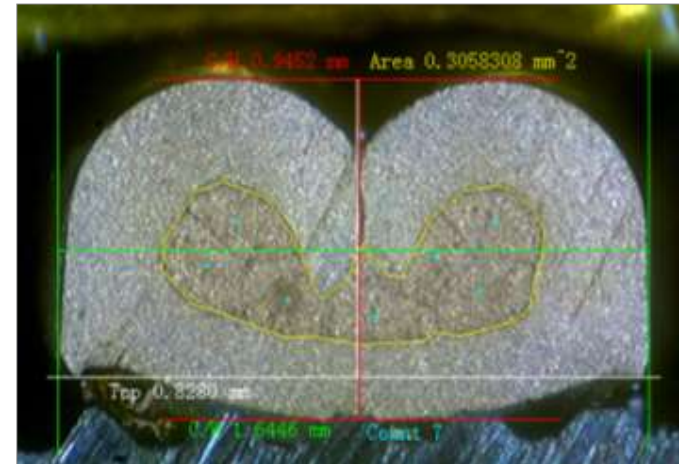

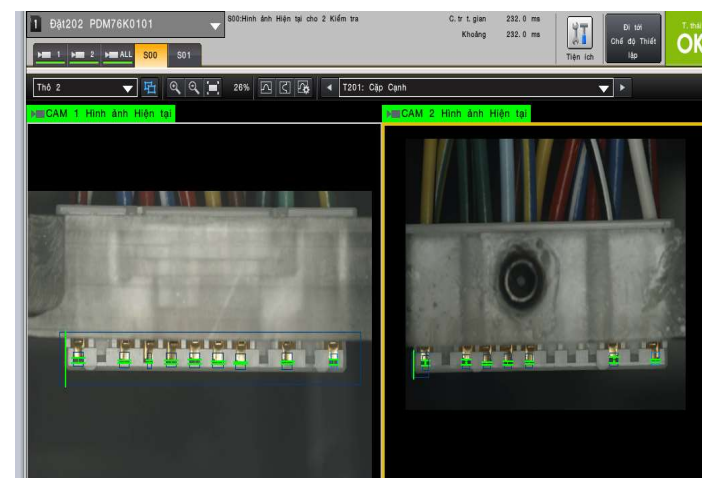

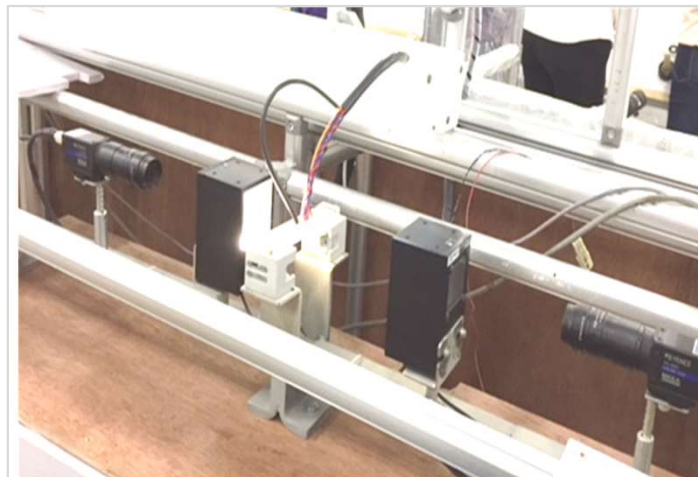

Image Sensor Inspection

7. Available Equipment

Quality Assurance Equipment (品質保証設備)

High Voltage Checker

Contact Resistance Checker

Processing capacity (加工キャパシティ)

設備名称	設備写真	保有台数	加工能力 14.6hr x23日
Full Auto Crimping Machine		22	11.8 mill 本/月
Handcrimp Machine		15	5.0 mill point
Jointcrimp Machine		7	1.9 mill point

※

- ・Full Auto Crimping Machine は複数機種保有しており、写真は代表例となります。
- ・加工能力はフル稼働した場合の加工本数となります。

Processing capacity (加工キャパシティ)

設備名称	設備写真	保有 台数	加工能力 14.6hr x23日
Twist Machine	 A photograph of a Twist Machine, a large industrial sewing machine with multiple spools of thread and a long needle, used for stitching fabric.	3	0.2 mill
Tape Joint Machine	 A photograph of a worker operating a Tape Joint Machine, which is used for joining and sealing tape, likely for medical or industrial purposes.	4	1.3 mill
Casting Machine	 A photograph of a Casting Machine, a specialized industrial machine used for casting materials, possibly for medical devices or components.	2	1.0 mill

Processing capacity (加工キャパシティ)

設備名称	設備写真	保有 台数	加工能力 14.6hr x23日
Midstrip Machine		3	1.4 mill
Uni strip		5	2.6 mill
Heating Machine		2	1.2 mill
